120-3-20A-0.16-.01 Promulgation and Purpose

(1) These rules and regulations of the Safety Fire Commissioner are promulgated to establish the State's minimum accessibility requirements of buildings, structures and facilities as specified in O.C.G.A. §30-3-7(g) and shall be entitled "Access To and Use of Public Facilities by Handicapped Persons, Part Two."

(2) A primary purpose of these rules and regulations is to further the policy of the State of Georgia to encourage and enable persons with disabilities or elderly persons to participate fully in the social and economic life of Georgia and to eliminate, insofar as possible, unnecessary physical barriers encountered by persons with disabilities or elderly persons whose ability to participate in the social and economic life of this state is needlessly restricted when such persons cannot readily use government buildings, public buildings, and facilities used by the public under the jurisdiction of the Safety Fire Commissioner.

(3) Unless otherwise stated in this chapter of the rules and regulations of the Safety Fire Commissioner, the following meets the 2010 Americans with Disabilities Act Accessibility Guidelines ("ADAAG") and shall be the minimum standards for Accessibility to buildings, structures and facilities by individuals with disabilities under the Americans with Disabilities Act ("ADA") of 1990. These rules are to be applied during the design, construction, and alteration of buildings and facilities covered by Titles II and III of the ADA to the extent required by regulations issued by Federal agencies, including the Department of Justice and the Department of Transportation, under the ADA.

Authority. - O.C.G.A. §§30-3-1, 30-3-7, 33-2-9, and 50-13-21.

(1) If the start date for construction is on or after March 15, 2012, all newly constructed or altered State and local government facilities must comply with the 2010 ADA Standards for Accessible Design. Before that date and after June 24, 1997, Chapter 120-3-20 is applicable. All other applications for accessibility are prescribed by O.C.G.A. §30-3-3.

(2) The following minimum adopted standards apply to both State and local government facilities (Title II) and public accommodations and commercial facilities (Title III). The minimum adopted standards consist of ADA Chapters 1 and 2 and Chapters 3 through 10 of the 2004 ADAAG (36 CFR part 1191, appendices B and D, adopted as part of both Title II and Title III 2010 ADA Standards for Accessible Design).

(a) State and local government facilities must follow the requirements of the minimum standards adopted herein and referencing the 2010 ADA Standards for Accessible Design, including both the Title II regulations at 28 CFR 35.151; and the 2004 ADAAG at 36 CFR part 1191, appendices B and D.

(b) Public accommodations and commercial facilities must follow the requirements of the minimum standards adopted herein and referencing the 2010 Standards for Accessible Design, including both the Title III regulations at 28 CFR part 36, subpart D; and the 2004 ADAAG at 36 CFR part 1191, appendices B and D.

(c) In the few instances where requirements between the regulation and the 2004 ADAAG differ, the requirements of 28 CFR 35.151 or 28 CFR, part 36, subpart D, prevail.

(d) Regarding the 2% of total rental apartments or the minimum of one rental apartment required to be fully accessible or adaptable in apartment complexes of 20 or more units as defined under Section .03(8) of this chapter, the provisions found in Section 809 of the 2010 ADA Standards for Accessible Design shall be applicable. 50% of this number of fully accessible or adaptable rental apartment units required by this paragraph shall be adaptable for a roll-in shower stall.

(3) Pursuant to O.C.G.A. §30-3-3, all government buildings, public buildings, and facilities receiving permits for construction or renovation after July 1, 1995, shall comply with the rules and regulations adopted by the Safety Fire Commissioner which meet ADAAG and establish the minimum state standards for accessibility.

(4) The Board of Regents of the University System of Georgia ("Board of Regents") and the local governing authority having jurisdiction over the buildings not subject to the jurisdiction of the Safety Fire Commissioner as specified in O.C.G.A. §30-3-7, after consultation with state rehabilitation agencies and other sources as they might determine, are authorized to promulgate such rules, regulations, and procedures as might reasonably be required to implement and enforce their responsibilities under Chapter 3 of Title 30 provided they are not less restrictive than those established by this Chapter.

Authority. - O.C.G.A. §§30-3-1, 30-3-3, 30-3-7, 33-2-9, and 50-13-21.

(2) "Adaptable" is further explained as follows:

(a) Adaptable refers to features provided for but not actually installed. Such adaptability makes it possible for features required by ADAAG to be added for the occupant without major structural alteration;

(b) Items not installed at the time of construction under the adaptable provisions of ADAAG, and items installed which might need to be removed to provide access, must be installed or removed by the owner at the owner's expense when the dwelling is rented to a person with disabilities, within 30 days after his or her application for occupancy is approved by the owner.

(3) "Safety Fire Commissioner" means the Safety Fire Commissioner provided for in Chapter 2 of Title 25.

Regarding the 2% of the total rental apartments or the minimum of one rental apartment required to be fully accessible or adaptable, the provisions found in Section 809 (Residential Dwelling Units) of the 2010 ADA Standards for Accessible Design are controlling. Fifty percent of the fully accessible or adaptable rental apartment units required by this paragraph shall be adaptable for a roll-in shower stall.
